### **BOARD REPORT** **April 11<sup>th</sup> – May 9<sup>th</sup>**

#### **Prevention & Public Education Activities-**

- Station tours, smoke alarm installs, and QAP's have continued.
- We have had several trainings and meetings in our buildings.
- Our Pre-Fire Plan Books project has been completed. Firefighter Dukewits worked extremely hard on this project to ensure all of our primary response engines had the same information.

#### **Training Activities-**

- Personnel attended several trainings in April. A total of 1,493.63 training hours were recorded from 877 recorded training activities.
  - Total of 8,383.99 training hours from 3,825 trainings has been recorded for 2017 YTD
- We sent several people to the Fire Department Instructor's Conference (FDIC) in Indianapolis. This is the 2<sup>nd</sup> Largest Fire Service conference in the world. Instructors, speakers, and vendors from all over the globe were in attendance. Chief Newberry, Chief Moore, Firefighter Smith, Firefighter Dukewits, Captain Burr and PFF Turner all attended. I understand it was a great conference and equipment exposition.

#### **Other Important Information-**

- Station #4 – Contract has been signed. We are waiting on them to pick up the hard copy. We have already conducted some preliminary schematic design meetings and the environmental survey process has been started.
- Line #6415 is \$597.52 over. This is because our projector in the big room died and had to be replaced. We had put off replacing that unit for a few years due to budget priorities. It went out leaving us no choice.
- Aerial Apparatus discussion – we need to finalize this contract.

## BOARD REPORT

**April 11, 2017 thru May 9, 2017**

### **Building and Apparatus Activities-**

- The parking lot at Station 1/Headquarters has been re-sealed and striped. BC Crawford has ordered the replacements for the parking lot lights. Should be completed soon.
- I reached out to some vendors about options to surplus the two pieces of apparatus from last month's meetings. I will be working with BC Crump to list the 2002 Pumper. We are working with area departments to see if there is a need for the 1977 Tender.

### **Operations Activities-**

- Total calls for 2017: 981
  - o Total calls for April 2017: 248
  - o Total calls for April 2016: 227
- Average response time: 6:37
- Multiple calls: 33
- Peak response times: Saturday @ 6PM

### **Other Important Information-**

- Our light duty employee returned to full duty. We are at full staffing.
- We have several of our members with new children or are expecting parents. Our extended family is growing quickly.
- Chief Newberry, FF Chase Smith, FF Josh Dukewits, Captain Burr, FF Cory Turner and myself recently returned from the 90<sup>th</sup> Annual Fire Departments Instructors Conference. As always, this conference and exposition proved its value to the organization. We were able to see the latest and greatest the fire service industry has to offer in training and equipment. Several research projects were worked through while we were there. Not to mention the weather and situational briefings surrounding the recent flood events.
- I attended the Missouri Emergency Management Agency annual conference in Jefferson City. I was able to meet with the new State Emergency Management Agency Director, the State Fire Marshall and hear what their plans are for the state during natural disasters. Specifically how it effects the fire districts. There are plenty of changes and challenges coming.
- Over the past couple of weeks our crews were very well prepared for the flooding event that came. We were fortunate to only have one response for water rescue which turned out to not be a true event. Great job by everyone for staying situationally aware and prepared to respond. Special thank you to BC Monnig for spending several days in the District outside of his normal hours.
