RE: Full-time positions

The district has an opportunity I would like the board to consider. We have five openings in the fire fighter rank. Four of these openings are from resignations/termination and one is a heavy position the board approved in the budget. The expected request for the FY2024 budget is set to include three new positions in the firefighter rank from the passage of the levy. We know from previous experience, the potential for departures and probationary personnel not advancing in the academy is high. I am requesting authorization to hire ten (10) people as soon as June 1st, allowing us to start a full academy. We will utilize the existing hiring lists to fill the slots.

The ten new hires will come in at the current base rate of \$34,100. Five of these positions are already included in the budget. Five will be additional hires outside of the current budget. Each starting firefighter generates a rough cost of \$45,000 in salary and benefits. The addition of these five firefighters is estimated to cost \$112,500 (6 months of salary and benefit for 5 people). Year-to-date we are \$103,792 over projected revenue in taxation alone. This does not consider our typical unspent budgeted funds or the typical revenue we continue to receive during the year. I am confident we will be able to absorb these positions without strain to the budget. As a failsafe, reserves exist.

This will allow the district to hire the expected three additional positions and have two heavy positions for future vacancies. I would love to say we will get to 2024 and still have heavy people, unfortunately the likelihood of this is low. If this were to happen, we would allow the positions to fall throughout the year until we return to the max of 48 employees.

I will not be at the meeting in May, I am asking Chief Reynolds to approach this subject. Accept this document as my statement to support the move.

Please contact me if you have any questions.

Administration – Chief Moore

- Two grants received.
 - DPS ARPA - \$20,000 for radios and equipment to support them. This is a match using \$20,000 of FY 2023 funds assessed from the Equipment Reserve. I attended a 3-hour web training on how to use grant money...
 - Greene County ARPA - \$40,000 for Community Risk data analysis and reporting. We do not have a requirement for matching with this award other than we already have funds allocated in the budget to support this program.
- Completed registration for the board training on June 2nd at The Oasis. Pon, Lambeth, Shupert and I are attending. This is a free one-day course.
